Declaring or changing your major:

All new, transferring, and readmit students, you will be referred to the Office of Student Affairs to complete the Official Declaration of Major form. You can declare your Major at the end of your second semester of your first-year of college, or at the end of your freshman year.

- Undergraduate Students: You must complete Communication (COMM 105) prior to completing a Declaration of Major form
- Transfer Students: You can complete your Declaration of Major form after you have been officially admitted to the University
- Graduate Students: You will work with the Graduate School to complete the admissions process and a Graduate Studies Declaration of Major form
- Readmit Students: If you have attended Heritage University before, and have already submitted a Declaration of Major form, you will need to complete a new form to ensure you are assigned to a new Faculty Advisor

Advisors (Academic) will meet with you to discuss your degree options, run degree evaluations, and to explore academic goals in a specific major. Your Academic Advisor may also suggest you complete additional self assessments to explore career interests and fields of study that might work well for you.

Advisor (Faculty) will meet with you to review course requirements and talk about the various degree programs available. In addition, the faculty advisor will sign your form, and assist you with getting a signature from the Department Chair.

Getting Started:

1. Have copies of your transcripts available at your meeting with your advisor, unofficial copies are fine and can be downloaded from My Heritage.
2. Download the Declaration of Major Form or complete it online.
3. Call the Advising Center to schedule your appointment for a Degree Audit of your general education requirements.
4. Call your Major Department to make an appointment with a Faculty Advisor after or on the same day as you meet with an Academic Advisor. Appointments should take about 30-45 minutes.
5. Present your transcript and Degree Audit form to your Faculty Advisor; review the requirements of the major and present the Declaration of Major form for signature.
6. Return the signed Declaration of Major form to the Registrar’s Office.
7. If you are a double major, you must submit two forms, one from each department.

I have reviewed the degree requirements for my intended major and have discussed the course requirements with my Faculty Advisor. I understand I am responsible for making sure all my degree requirements have been met for graduation. Furthermore, I understand that if coursework I have taken are to apply towards my major must be approved by my faculty advisor, the chair and the registrar. If course work is not approved after matriculation, they are elective credits or are not labeled as a course(s) that can meet the requirements of this major, as outlined in the catalog.
