About ScribeAmerica:

ScribeAmerica essentially created the medical Scribe industry, we are the nation's most frequently used and largest professional scribe training and management company, present in over 2,000 healthcare facilities, in 50 states and employing more than 15,000 scribes. We have successfully completed medical scribe programs across a wide spectrum of local environments; rural hospitals, urban hospitals, teaching facilities, private practices, and highly political organizations. These successes provide us with expertise that is unparalleled in the industry. Our medical scribes have been able to prove time and time again that they can master any electronic medical record system, while dramatically increasing physician productivity. We've even successfully pioneered the concept of using scribes to mitigate the decrease in efficiency during EHR implementation- the nation's first!
